

Cordless sawing machine - battery - 25m

370.10010

Features:

- Suitable for flat cutting bars and threaded rods up to max. Ø25mm.
- The shielded saw blade cuts bars up to 3mm flat.
- Cuts without burrs and with retention of the threaded profile.
- Equipped with hard metal saw blade, reduces sparks, noise and vibration.
- Includes storage case, dust collection bag and saw blade.
- Excluding battery and charger.

Lifespan of battery and saw blade:

Diameter bar - max. number of cuts per battery / max. number of cuts per saw blade

* Based on 6.0 Ah battery

- Ø10 - 370 / 3000
- Ø13 - 165 / 2500
- Ø16 - 165 / 1400
- Ø19 - 110 / 950
- Ø25 - 60 / 650

Technical information:

- Saw capacity: max. Ø25 mm
- Voltage: 18V (Makita battery)
- RPM:2200
- Ø saw blade: 110 mm
- Dimensions (mm): 471x137x139
- Weight: 4,0 kg
